

QUALTECH (TAS) Operations Traineeship Program Overview

QUALTECH (TAS) provides expert service and advice in Construction Materials Testing (CMT) and operates four laboratories across Tasmania specialising in soil, aggregate, pavement, asphalt, concrete testing and specialised concrete mix designs. QUALTECH (TAS) is wholly owned by Hazell Bros, and our NATA-accredited laboratories are located at Derwent Park, Leslie Vale, Breadalbane and Burnie.

QUALTECH (TAS) offers a two year hands-on traineeship within a supportive team environment. As a trainee with us, you would be part of a team working alongside experienced qualified technicians who undertake a diverse range of materials testing and analysis for projects across Tasmania.

We require our trainees to have a current manual driver's licence, excellent communication skills, attention to detail an unwavering commitment to quality, a willingness to learn and try new things, enjoy problem solving and being a team player.

We value diversity in all its forms, including gender diversity. We encourage applications from women to join our team.

LABORATORY TECHNICIAN (CONSTRUCTION MATERIALS TESTER)

Typical tasks include:

- Visiting Client sites across a variety of industries to sample and collect varied construction materials.
- Performing basic and routine/narrow range of materials testing in a laboratory such as aggregate gradings, concrete compressive testing.
- Cleaning and maintenance of field sampling equipment and the laboratory.
- Ensuring accurate timely record-keeping for the sampling, handling and storing of samples to maintain traceability, integrity and reporting.
- Collaborating and communicating with the team and customers.

SENIOR LABORATORY TECHNICIAN (CONSTRUCTION MATERIALS TESTER)

Typical tasks include:

- As per the Laboratory Technician, performing more complex and difficult materials testing with an increased range of tests and material types.
- Undertaking maintenance/calibration of laboratory testing equipment.
- Working with the supervisor to maintain laboratory NATA accreditation.
- Mentoring, training, and guiding junior laboratory technicians.
- Typically issuing test reports, where authorised to do so.

QUALTECH (TAS)

Interstate travel may be required.
