

Quarry Operations Traineeship Program Overview

Hazell Bros offers two-year hands on traineeships in the quarry industry.

As a trainee with us, you would be part of a team working alongside experienced quarry operations staff assisting in the leading, organising and motivating production teams to ensure safe, efficient daily operations, including, blasting and crushing.

We require our trainees to have a current driver's licence, proven experience in hard rock quarry operations, mining or civil construction management, strong HSE compliance, excellent communication skills, a willingness to learn and try new things, enjoy problem solving, be a team player, and attend specified courses at Boxhill.

At Hazell Bros we value diversity in all its forms, including gender diversity. We encourage applications from women to join our team.

TRAINEE QUARRY SUPERVISOR

Typical tasks include:

- Assist the team supervising employees and contractors including coaching, mentoring, and managing shift schedules and work plans.
- Assist the team in managing daily operations, including production, extraction, and processing.
- Assist with Safety Management: training employees on safe working practices and ensuring company procedures are adhered to.
- Being involved in ensuring adherence to environmental regulations and site-specific EPA requirements.
- Assist the team with effective management of production and maintenance activities, including promoting and enforcing safety processes and protocols to meet performance outcomes.
- Assist the team with coordinating personnel and plant equipment and machinery e.g. crushers, excavators, Articulated Dump Trucks etc.
- Assist with the facilitation and initiation of LEAN activities, as well as driving customer focused product and service outcomes.
- Support quarry management in effectively communicating organisational messages across the team, ensuring timelines are met and compliance requirements are understood and adhered to.

Intrastate and interstate travel may be required.
